*TO WHOM IT MAY CONCERN*

*Recently, as one of the owners in our four unit townhouse, I was asked to obtain four or five estimates for painting of the exterior woodwork and trim, and the complete fence surrounding our strata complex. After reviewing the prices and proposed contract, offered by four other small painting contractors, we decided to contact Rod Taylor of PAINTPRO, here in Sidney.*

*Rod's price was most attractive, and I was pleased to find that his contract included power washing of the fence and some parts of the woodwork on the strata units, where required. Rod also offered to provide all paint materials at his contractor's price..*

*In speaking with my wife and other strata owners, it seems that everyone was well satisfied with Rod's professional skills, during the time he was doing the work, and pleased with the results, when finished.*

*I am pleased, therefore to recommend Rod Taylor and his company to any other owner or strata corporation considering exterior or interior painting to be done.*

*I may be reached by telephone at (Deleted for Web Site)*

*Or by email at (Deleted for Web Site)*

*We look forward to having Rod in the future, when further painting is required.*
