To Whom It May Concern:

Re: Rod Taylor - Painting

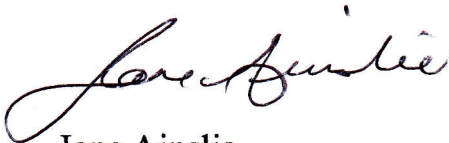

This is a letter of reference for the fabulous painting job that Rod Taylor did at my home in Sidney.

Rod painted the interior and exterior of my 1907 rooming house. This was a huge job and he was there over 2 ½ months. It was a difficult job in that he was constantly working around my 13 tenants and various other contractors during that time.

Rod is very professional and lovely to deal with. Rod is reliable, shows up on time and is very clean with his work. Rod also has a lovely disposition and is easy to have around. All in all, I would recommend Rod for any painting job you have and you won't be disappointed.

My house is at 9601 Seventh Street in Sidney which is at the corner of 7th and Ocean if you would like to see the exterior painting job. Feel free to contact me if you have any questions, but I can't say enough good things about Rod Taylor.

Sincerely,

Jane Ainslie
